

FISHBOURNE PARISH COUNCIL – Non-Confidential Report

Committee: Full Council

Meeting Date: 20 May 2024

Report by: Parish Clerk

Subject: Wildlife Officer request

Agenda Item: 22.3.1

The Wildlife Officer at CDC has requested the following:

Try and make sure any light spill is below 0.4 lux, as bats are not disturbed by anything below this light output level. So, it would be good to know the amount of light each one is giving out if you can check with the company supplying them. It would also be preferable to have them only come on when they detect movement.

The Roman Palace would like us to comply with any requests from the wildlife officer.

Action by the Council: to decide whether to accept, amend or reject the request.
